Dear Mr. *Craig* Banaszynski:

Congratulations! It is my pleasure to inform you that the American College of Healthcare Executives – Wisconsin Chapter has been approved for fully chartered chapter status of the American College of Healthcare Executives effective September 6, 2006. Fully chartered chapter status demonstrates that your chapter has met the ACHE criteria for chapter status that form the foundation for successful leadership, membership involvement and valuable membership services.

Your new chapter status is a notable achievement of which you and your chapter board should be proud. Please convey my compliments to your entire board for reaching this goal as this does not happen without considerable effort on the part of the chapter leadership, and I want you to know how much we appreciate your hard work.

One of the benefits of fully chartered status is that ACHE will conduct a member satisfaction study for your chapter during 2006. Additionally, your achievement will be formally announced to your peers in an upcoming issue of the ACHE Chapter Update.

Sincerely,

Thom D. Freyer, CAE
Vice President, Regional Services
